RE: 41 Mast Hill Road
Hingham, MA

Dear Ms. Fournier,

This letter supports an application for Administrative Review at the referenced site. As illustrated on the accompanying plan, the proposed project involves a Title V upgrade; the proposed Sewage Disposal System (SDS) will service the pre-existing 4 bedroom dwelling at the subject site.

All Title V related construction will occur outside the 100' wetland zone, however, the tank, distribution box, and approximately half of the field lies within the outer riparian zone.

Please feel free to contact me directly if you should have any additional questions in this matter.

Sincerely,

Liam McSweeney
