

# HINGHAM NORTH STATION BUILDING COMMITTEE

---

## **Minutes for Meeting: 7:00 P.M., May 23, 2016**

Members Present: G. MacCune, N. MacDonald, R. Olsson, A. Kearney, K. Griswold, M. Wilkin

Town Officials Present: S. Murphy, D. Levenson

Professional Team: D. Walter, A. Corbett

Meeting was called to order at 7:02 PM on May 23, 2016, East Hearing Room, on the third floor at Town Hall.

Minutes for the meeting held on May 9, 2016 were approved.

R. Olsson began by reviewing alternative site locations based on research conducted throughout the Town. Based on a preliminary investigation into the new site, R. Olsson indicated that the site was listed as un-buildable and too small for a new fire station.

R. Olsson continued by revisiting a site where previous iterations of building plans and utility surveys were conducted.

R. Olsson presented a basic coverage area analysis showing how a new site location would impact the response times of the North Fire Station. Committee Members discussed the results of the analysis and questioned what the relocation would mean for future station locations. Members also discussed the need for traffic studies depending on site selection.

A. Corbett and D. Walter discussed the project schedule and determined that a new site should be selected by mid-July in order to meet the project's intended timeline.

G. MacCune and R. Olsson will continue to discuss the project with Town Officials to determine potential sites.

The next Building Committee meeting was to be determined at a later date

A motion was made by R. Olsson, seconded by K. Griswold, and unanimously approved to adjourn at 8:12 PM.

*Minutes respectfully submitted by Knight, Bagge & Anderson  
Owner's Project Manager*
