SUMMARY OF PROCEEDINGS

This matter came before the Planning Board (the "Board") on the application of Kimberly Welby (the "Applicant") for a Special Permit A3 parking determination under § V-A of the Zoning By-Law (the "By-Law") to operate a wellness studio at 57 Water Street in Business District A and the Downtown Hingham Overlay District.

The Board opened a duly noticed public hearing on the application at a meeting held remotely on September 11, 2023 via Zoom as an alternate means of public access pursuant to Chapter 2 of the Acts of 2023 temporarily suspending certain provisions of the Open Meeting Law. The

Board concurrently opened a hearing on a related application for Site Plan Review. The Board panel consisted of regular members Kevin Ellis, Chair, Gordon Carr, Rita DaSilva, Tracy Shriver, and Gary Tondorf-Dick. Walter Sullivan, Esq., Sullivan & Comerford, presented the application to the Board. At the conclusion of the review, the Board voted unanimously to grant a Special Permit A3 under § V-A of the By-Law with a condition set forth below.

Throughout its deliberations, the Board has been mindful of the statements of the Applicant and the comments of the general public, all as made or received at the public hearing.

BACKGROUND & DISCUSSION

The subject property consists of several independently owned attached commercial condominiums with a variety of businesses throughout the building, and is located across the street from the Station Street public parking area. The subject unit was previously occupied by Sotheby's Realty office on the first floor and Skin Radiance facial salon on half of the second floor. The Applicant proposes to occupy the first floor and half of the second floor of the subject unit with a wellness studio, including yoga classes on the first floor and massage/acupuncture services on half of the second floor. The other half of the second floor is currently occupied by an existing hair salon. Other than new signage, there are no changes proposed to the existing site and all work would be limited to the interior fit out of the space. Therefore, the Board's review pertains to a parking determination under a Special Permit A3.

The site itself offers 16 shared parking spaces along Water Street for the various businesses in the building. Additionally, the Station Street parking area across the street (inclusive of the southerly lot, northerly lot, and Town-owned parking along Station Street) has a total of 267 parking spaces. The massage/acupuncture portion of the wellness studio falls under the "Service Business" section of the Parking Table in Section V-A of the By-Law. Since the former facial salon falls under the same category, no parking determination is required for the massage/acupuncture portion.

Currently, there is no section within the Parking Table in Section V-A that provides a parking requirement for a "Health Club" use for the yoga portion of the wellness studio. The most recent attention to a parking count requirement for a health club was through a proposed Zoning Amendment from 2015, identifying a requirement of 7 spaces per 1,000 SF of Gross Floor Area (GFA). This requirement was proposed based upon guidance issued by the Institute of Transportation Engineers (ITE). The property is also located in the Downtown Hingham Overlay District, which benefits from a 25% reduction in the parking requirement. With this reduction, the requirement for the yoga use would be 5 spaces per 1,000 SF of GFA. This requirement is one space greater than what would have been required of the former realty office. Therefore, given the square footage of the proposed yoga use (1,824 SF of GFA of the first floor), the parking requirement is 9 parking spaces for the new use.

During the course of the hearing, the Board raised questions and comments related to onsite parking and hours of operation. There was no public comment.

FINDINGS

Based on the information submitted and presented during the review, and the deliberations and discussions of the Board during the meetings, the Board made the following findings in accordance with § V-A.6 of the By-Law:

- a. **The parking is sufficient in quantity to meet the needs of the proposed project;**
The 1,824 SF of GFA of the proposed yoga use requires 9 parking spaces when applying the “Health Club” parking standard of 7 spaces per 1,000 SF of GFA and the 25% reduction in the parking requirement for businesses located in the Downtown Hingham Overlay District – bringing the parking standard to 5 spaces per 1,000 SF of GFA. The subject property has 16 onsite parking spaces and the Station Street parking area (inclusive of the southerly lot, northerly lot, and Town-owned parking along Station Street) has a total of 267 parking spaces – for a combined total of 283 parking spaces.
- b. **Safe pedestrian access and circulation has been provided for;**
No changes in pedestrian access or circulation are proposed.
- c. **New driveways have been designed to maximize sightline distances to the greatest extent possible;**
No new driveways are proposed.
- e. **The existing parking areas meet applicable Design Standards, and**
- f. **The granting of this Special Permit is consistent with the intent of this By-Law and will not increase the likelihood of accident or impair access and circulation.**

DECISION

Upon a motion made by Kevin Ellis and seconded by Tracy Shriver, the Board voted unanimously to GRANT the application of Kimberly Welby for a Special Permit A3 parking determination under § V-A of the Zoning By-Law to operate a wellness studio at 57 Water Street in Business District A and the Downtown Hingham Overlay District, subject to the following condition:
