RE: 57 Volusia Rd.  
Hingham, MA

Dear Ms. Fournier,

This letter supports an application for Administrative Review at the referenced site. As illustrated on the accompanying plan, the proposed project involves a Title V upgrade; the proposed Sewage Disposal System (SDS) will service the pre-existing, two bedroom dwelling at the subject site.

All Title V related construction will occur outside the 50' buffer zone, but within the 100' buffer zone, except for the filling in of the existing system. A limit of disturbance line, with staked hay bales and/or silt fence is located approximately 41 feet from the wetland line established by Liam McSweeney of McSweeney Associates on June 3<sup>rd</sup>, 2020.

Please feel free to contact me directly if you should have any additional questions in this matter.

Sincerely,  
McSweeney Associates, Inc.

Liam McSweeney
