Dear Loni,

I am applying for a conservation permit to replace our existing exterior deck. Due to age it is becoming unsafe and is currently not to code. I am requesting a permit to remove the unsafe deck, replace to code and add an additional elongated step along the rear of our house as per plan.

Access to the site will be through the left hand side of the house which is outside the 100' wetland buffer zone and the 200' river buffer zone.

Please contact me should you have any queries or would like to visit the site.

Yours Sincerely,

Amy Roberts
