RE: 7 Steamboat Lane  
Hingham, MA

Dear Ms. Fournier,

This letter supports an application for Administrative Review at the referenced site. As illustrated on the accompanying plan, the proposed project involves a Title V upgrade; the proposed Sewage Disposal System (SDS) will service the pre-existing 3-bedroom dwelling at the subject site.

All Title V related construction will occur outside the 50' buffer zone, but within the 100' buffer zone. A limit of disturbance line, with staked hay bales and/or silt fence is located approximately 55 feet from the wetland line established by Liam and Colin McSweeney of McSweeney Associates on May 27, 2020.

Please feel free to contact me directly if you should have any additional questions in this matter.

Sincerely,  
McSweeney Associates, Inc.

Liam McSweeney
