Conservation Commission  
210 Central Street  
Hingham, MA 02043

RE: 9 Chamberlain Run (Assessors Lot 73-56)  
Request for Administrative Review  
Applicant – Joseph Annese

Dear Commission Members:

On behalf of the applicant, we hereby submit this Request for Administrative Review for the above referenced address. The applicant proposes the repair of a septic system within the 200' riverfront area.

The proposed septic system is to replace an existing failed system and is not being enlarged. The entire system is proposed outside of the 100-foot wetland buffer. We believe the proposed location is the greatest feasible option based on the proximity of the wetlands, existing easements, and elevation of groundwater.

Enclosed please find the following:

1. Application for Administrative Review;
2. Check for \$30.00 (By-Law fee) payable to the Town of Hingham;
3. Signed copy of the Conservation Commission's Policy on Receipt of Information;
4. One (1) copy of the Septic Repair Plan;
5. Direct Abutter Notification Form, and;
6. Affidavit Form.

If you have any questions please do not hesitate to contact us.

Sincerely,

GRADY CONSULTING, L.L.C.
