Question numbers refer to Goal/Policy/Action numbers on "Hingham Master Plan, Draft Recommendations for Discussion" distributed 10.3.2020 by Judi Barrett.

Edits:

6.C.4 Judi has text. Soften so as not to assume approval & "evaluate" providing the recommended facilities (concern about expense).

6.A.2 Judi/Liza have edited text which would encourage robust participation in the School Committee's strategic planning process to fund school programs & buildings.

1.C.3 Committee needed clarification that ADA sidewalks were targeted to the Downtown/Harbor area. Unsure if the text needs this clarification.

Note:

7.B.1 Committee noted lack of municipal side facilities mgr. Group discussed if position could be shared with schools. I believe recommendation was voted as written
