Question numbers refer to "Hingham Master Plan: Items for Consent Agenda" displayed on screen by Gordon Carr 11.12.2020

Edits:

- 6. Insert after "strengthening" the phrase "and making clearer". Substitute "regulations" for "Act".
- 7. Substitute "Identify" for "Enact".
- 15. Insert the phrase "reporting to the Planning Board" after "Implementation Committee".
- 21. Insert "2020" before "Massachusetts Green Communities".
- 33. Substitute "Implement" for "Develop".
- 36. Rephrase to: Support road safety improvements related to the Route 3A road improvement project.
- 40 & 41. Upper case "Universal Design" and add definitions.
- 51. Substitute "Investigate" for "Allow". Insert "certain" before "business districts".
- 65. Substitute "and undertake a plan for" in place of "including".
- 75. Recommendation should read: "Develop a preventative maintenance plan for town buildings and other major facilities and carry out regular and scheduled maintenance that is cost saving in the long run." DS unsure if this wording reflects editing from the original.
- 82. Insert "including solar" after "renewable energy". Drop "such as air-forced heat pumps".

Notes:

- *For each goal, the Committee first voted on all unheld items in one batch, then proceeded to consider held items one by one.
- ** Recommendations 39A (housing for older adults/those with disabilities), 40 (universal design in common areas), and 41 (universal design in age-restricted developments) were grouped together for this vote.
- ***A committee member initially held the incorrect Consent Agenda item number. The group voted unanimously to allow reconsideration of item 78. They then voted separately on the content of item 78. Finally, they voted item 77 which had inadvertently been omitted from the batch vote on Goal 7.
