EVENT DESCRIPTION:

The MBTA is planning to modify and improve the existing commuter ferry dock, located in Hingham, Massachusetts. The existing floating dock and access gangways will be upgraded to improve rider experience and bring it into compliance with updated accessibility standards. In addition, the existing connecting walkway will be rehabilitated and extended to the Hingham Intermodal Center.

The purpose of this meeting is to present a project overview, timeline, and provide project updates.

Time will be allotted for Q&A session following the presentation.

To register for the Virtual Public Meeting, more information on the project, or to ask the project team questions, please visit the project webpage: [MBTA.com/HinghamFerryDock](https://www.mbta.com/HinghamFerryDock)
