

Hingham Planning Board
APPLICATION FOR SITE PLAN APPROVAL
IN ASSOCIATION WITH APPLICATION FOR BUILDING PERMIT

Application Date: June 30, 2021

Applicant: Gerry Rankin

Contact Information for Applicant or Authorized Agent (Attorney, Contractor, etc.)

Name/Title: Gerry Rankin

Phone: 617-799-0588

Address: 856 Main Street, Hingham, MA 02043

Project Location: 2 Annick Drive

Site Plan Review Submittal Requirements

Please provide to the Planning Board office seven (7) hard copies and an electronic file of the Site Plan and submittal materials, except that only two copies of the drainage report are required. Submittal Requirements:

- a. locus plan; diagram and statement of the ownership, area, dimensions, boundaries and principal elevations of the subject property; location of structures within 100 feet of property line;
- b. scaled and dimensioned plan of the location and footprint of existing and proposed buildings and structures; if applicable, building elevations and floor layouts;
- c. if applicable, plan showing proposed circulation of traffic within the development and in all adjacent public ways; dimensioned plan of loading and parking areas, aisles and driveways; plan with detail sheets if appropriate, profile and representative cross sections of proposed driveways and parking areas;
- d. analysis of compliance with all relevant dimensional provisions of this By-Law;
- e. detailed information on utilities, landscaping, refuse storage and removal;
- f. grading plan, estimated net import/export of material, drainage analysis, and traffic analysis, as applicable;
- g. analysis of the capacity of Town soils, water supply, ways and services to absorb the impact of the proposed development;
- h. analysis of compliance of the construction activities and the proposed project, including the extent the project incorporates low impact design and green infrastructure solutions, with the most current versions of the Massachusetts Department of Environmental Protection Stormwater Management Policy

and Standards including (i) the Massachusetts Stormwater Handbook, (ii) Massachusetts Erosion Sediment and Control Guidelines, and (iii) if applicable, additional requirements under the Town of Hingham MS4 Permit for projects that disturb more than one acre and discharge to the Town's municipal stormwater system;

i. Site Lighting Plan showing the location, height, photometric, orientation, and specifications for all outdoor site lighting, including information on the intensity and range of illumination for each source of light proposed.

j. an erosion control plan and an Operations and Management Plan for both the construction activities and ongoing post-construction maintenance and reporting requirements; and

k. such other materials necessary to enable Town boards to make a positive determination on the proposed development.

Brief Description of Work:

Single family residence with associated grading and utilities

Request for Waiver from Site Plan Review Requirements

Upon written request of the applicant, the Planning Board may waive any of the submittal requirements set forth in Section I-I.6 deemed by the Planning Board to be not necessary for its review of the application. In addition, the Planning Board may waive other such requirements of Section I-I, including the requirement for a public hearing, where the Planning Board determines that the project constitutes a minor site plan. In order to constitute a minor site plan, the proposed work must be limited to (i) interior renovations to a building or structure that do not include a change of use or parking demand for which a Special Permit A2 or A3 is required and/or (ii) modifications to the site which, in the Planning Board's determination, do not materially or adversely affect conditions governed by the site plan review standards set forth in Section I-I.6

Please indicate requested relief (for example, "I request a waiver from the requirement for a public hearing" or "I request a waiver from the requirement to submit a utilities plan and lighting plan"):

I request a waiver

1. From the requirement to submit drainage calculations since the runoff from this lot was accounted for in the analysis submitted with the subdivision approved in 2016. A comparison of the proposed development with the approved subdivision plans is included in the plans to show that the impervious surfaces will be less as proposed than assumed in the subdivision.
2. From the requirement for a site lighting plan since there is none proposed.

Waiver Granted

Waiver NOT Granted
