**Request for Waiver from Site Plan Review Requirements**

Upon written request of the applicant, the Planning Board may waive any of the submittal requirements set forth in Section I-I.6 deemed by the Planning Board to be not necessary for its review of the application. In addition, the Planning Board may waive other such requirements of Section I-I, including the requirement for a public hearing, where the Planning Board determines that the project constitutes a minor site plan. In order to constitute a minor site plan, the proposed work must be limited to (i) interior renovations to a building or structure that do not include a change of use or parking demand for which a Special Permit A2 or A3 is required and/or (ii) modifications to the site which, in the Planning Board's determination, do not materially or adversely affect conditions governed by the site plan review standards set forth in Section I-I.6

Please indicate requested relief (for example, "I request a waiver from the requirement for a public hearing" or "I request a waiver from the requirement to submit a utilities plan and lighting plan"):

**I request a waiver from the requirement of a public hearing and submission of site and utility plans as the scope of work is limited to interior modifications only. No change of use or modifications to parking demand are proposed.**
