Hello Emily,

I'm confirming what Janet stated, that Janet did not sign this application, and we were not aware that this application was being submitted. That is not a legal signature or document. This information along with the application images were forwarded to our lawyer today and we are waiting to hear from them on how to proceed.

In the meantime, please advise as to what your next steps are with this falsely signed application.

Thank you for checking with us regarding the application. Please, if you may, continue to keep us informed of any actions Mr. Smith takes with your office.

Sincerely,  
Diane

Hi Emily,

I did not sign this. I'll refer to our attorneys for advice.

Thanks for letting me know, Emily. I'm also copying Diane Jordan, the new president, to keep her in the loop.

Janet

Janet,

We wanted to let you know that Matthew Smith, Dover Mill, LLC, filed the attached application and Approval Not Required plan, proposing the creation of one additional building lot at 107 Main Street, with the Town Clerk this evening.

Would you mind confirming that you signed the attached application? We understand that Dianne Jordan is the current President of the First Parish Board of Trustees.

Thank you,

Emily
