November 18, 2022

To the voters of the Town of Hingham:

On behalf of the Hingham Police and Fire Departments, we would like to extend our sincere appreciation to all those who participated in the recent Special Town Meeting and State Election.

The Public Safety Facility project passed by an overwhelming margin at Town Meeting, showing the deep level of commitment our residents have toward supporting public safety and overall quality of life for all who live in our Town. This facility will help ensure the success of our missions for many years to come. We can also say your firefighters and police officers take to heart the confidence and support you have shared.

Town Meeting in particular is a deep-rooted New England tradition; it is heartwarming to know that the residents of Hingham care so deeply about making their voices heard and contributing to moving our Town forward.

This project will have a long lasting impact on those who live, work and attend school in our Town, and we thank all those who helped define and develop this important facility.

Sincerely,
