# Here's what makes Hanabury and Sons the quality asphalt installers.

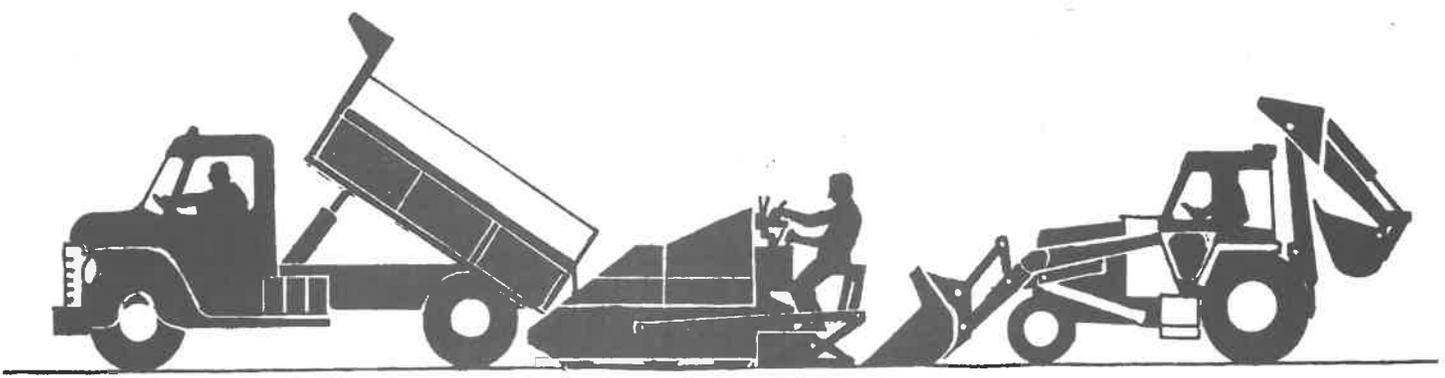

*We will regrade existing gravel & add if necessary*

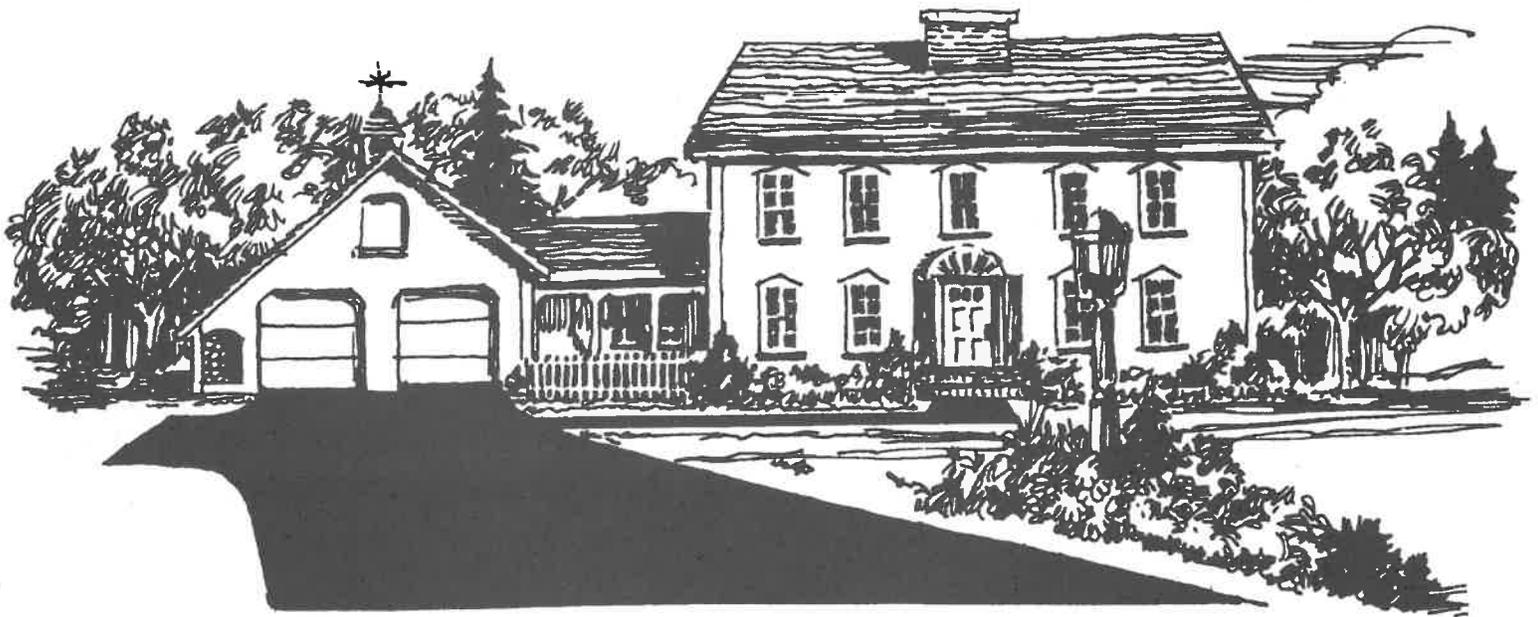

*\$14,350*

- ① Excavate all sod, loam and weeds.
- ② Grade level and smooth.
- ③ Install processed aggregate base material. (as needed)
- ④ Lay down 2" of binder asphalt with large stone.
- ⑤ Install 1" smooth asphalt surface.
- ⑥ Machine spread an even surface (space permitting).
- ⑦ Machine roll surface with 1 to 10 ton rollers for maximum compaction and fine finished surface.

**That's why we guarantee our work!**

# ASPHALT SPECIALISTS

**For over 50 years Hanabury and Sons have been doing quality asphalt paving on the South Shore.**

**We are strictly paving contractors, its our only specialty.**

**We use an asphalt paving machine to insure an even grade.**

**All paving is power rolled with the latest compression equipment.**

**Only the best quality asphalt and base materials are used.**

**All work is guaranteed to be properly constructed. We do not guarantee against tire marks, surface blemishes, damage from tree roots and/or vegetation.**

**Complete personal and property liability insurance coverage and workman's compensation eliminate risk to you.**

**All our quotes are exact prices except where ledge, rock over a cubic yard, or highwater table are encountered, or if police require traffic detail.**
