Many scheduled talks/activities in Hingham are poorly attended as they are not geared toward the actual living/aging information needs of seniors. Look at surrounding center options offered that Hingham seniors are attending and offer more of those kinds of programs. So many Hingham people go out of town for worthwhile/informative programs and activities.

The more I age the more I realize how important it is to stay active and involved. The CAL provides a variety of activities that address the needs of seniors to stay healthy and involved and therefore improving their quality of life. Where and what would seniors do without Centers for Active Living? I appreciate all the hard work this center invests in the well being of Seniors!

**Q5**

Does the current LOCATION of the Center affect your attitude towards it, and whether or not you attend? Choose one.

- Comment::  
The current location is very convenient for me, however I realize that due to space constraints and limited parking, it may not be the best idea to continue at the present location.

**Q6**

Who should the new Center for Active Living be open to for programs and services to? Select all that apply.

**Individuals aged 55+ only and caregivers,**

Comments::

Seniors have supported youth programs and opportunities in our town. It's time for seniors to have a special center of their own, where they are comfortable being with their peers. Programming could include inter generational activities at times.

Comments::

A building site that the town already owns and allows for the size building that we need to accommodate all the desired activities. We have to think of expanded, flexible space with lots of light and plenty of parking.

**Q5**

Does the current LOCATION of the Center affect your attitude towards it, and whether or not you attend? Choose one.

Comment::

I do not like the location but attend anyway. Because of parking. HVAC is awful - always too cold. Walls leak, bathrooms not up to standards. Have to use other Centers. I know Hingham residents that travel to Marshfield Center to play duplicate bridge with up to 52 people playing any given week.

Comments::

You build it they will come. I am a volunteer. I have used the center for almost 30 years. Find other towns have better facilities. It's time to give Hingham seniors what they deserve. Treat them as good as the town treats the student population.
