ARTICLE 1

GENERAL PROVISIONS

SECTION 1 - All by-laws adopted prior to March 2, 1936, are hereby repealed.

SECTION 2 - These by-laws may be amended or repealed in whole or in part:

(1) at an annual town meeting, by the affirmative vote of a majority of the voters present and voting thereon; or

(2) at a special town meeting by the affirmative vote of two-thirds (2/3) of the voters present and voting thereon.

SECTION 3 - If any Article or Section of any Article of these by-laws is declared unconstitutional or illegal by any court, or is disapproved by any state authority having jurisdiction, the validity of the remaining provisions of these by-laws shall not be affected thereby.

SECTION 4 - Under the Town of Hingham General By-laws, the Select Board shall be the entity historically known as the Board of Selectmen. The Select Board shall have and exercise all legal rights, authority, duties and responsibilities vested in a Board of Selectmen by the Constitution and General Laws of the Commonwealth of Massachusetts, by vote of the Town of Hingham Town Meeting and by the Town of Hingham General By-laws.

SECTION 5 - In all currently active Town of Hingham communications and documents, such as policies, rules and regulations, where reasonably practical, and in all future Town of Hingham communications and documents, the words "board of selectmen", "selectmen" and "chairman" shall be deleted and replaced with words "select board", "members of the select board" or "select board members" and "member of the select board" or "select board member" and "chair", respectively.

It is the intent of this provision that gender-neutral terminology shall be used in all current and future Town of Hingham communications and documents, and that with respect to currently active Town communications and documents where it is not reasonably practical to change terminology that is not gender-neutral, such documents shall be interpreted to impute gender-neutral terminology. This provision does not prohibit the use of a personal pronoun or title with respect to a specific individual whose gender is known.

SECTION 6 - Wherever words of one gender appear in the Town of Hingham General By-laws such words shall be construed to include all genders.

ARTICLE 2

TOWN MEETING AND NOTICE THEREOF

SECTION 1 - The Annual Town Meeting for the transaction of all business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be held on the fourth Monday of April in each year at seven o'clock P.M., except that in the year 1976 said annual town meeting shall be held on the first Monday of May at seven o'clock P.M.

SECTION 2 - The annual election of such and the determination of such matters as by law are required to be elected or determined by ballot shall be held on the Saturday following the fourth Monday of April in each year. At this and all town elections the polls shall be opened at eight o'clock A.M. and remain open until eight o'clock P.M.

SECTION 3 - At state elections the polls shall open at seven o'clock A.M. and remain open until eight o'clock P.M.

SECTION 4 - (a) Except as otherwise required by law, notice of every town meeting shall be given by posting, at least seven (7) days before the day appointed for the meeting, an attested copy of the warrant therefor in the Town Office Building. Compliance with this paragraph (a) as to any meeting shall constitute valid notice thereof.

(b) If the Hingham Journal or any other newspaper is at the time circulated in the town as a local newspaper, the Select Board shall publish in one such newspaper, at least seven (7) days before the date on which at any meeting there is to be an election of officers, or other action by official ballot, a statement of the time and place at which the polls will be open, and a copy of so much of the warrant as refers to the business then and there to be done, provided that except as otherwise provided by law compliance with the provisions of this paragraph (b) shall not be a requisite of valid notice of any meeting, and noncompliance therewith shall not affect the validity of any meeting or action taken thereat.

SECTION 5 - (a) At least seven (7) days before the day appointed in the warrant for any annual town meeting, the Select Board shall cause a copy of the warrant and a copy of the report of the Advisory Committee thereon to be delivered to each occupied dwelling house, tenement and hotel in the town, by mail or by any method determined by the Select Board. Provided, however, that if it appears to the Select Board that for any reason timely distribution of the warrant under this paragraph will not be made, and if the Hingham Journal or any other newspaper is at the time circulated in the town as a local newspaper, they shall publish an attested copy of the entire warrant in one such newspaper at least seven (7) days before the day appointed in the warrant for the meeting

(b) At least fourteen (14) days before the day appointed in the warrant for any special town meeting, the Select Board shall cause a copy of the warrant to be delivered to each occupied dwelling house, tenement and hotel in the town, by mail or by any method determined by the Select Board. Provided, however, that if it appears to the Select Board that for any reason the timely distribution of the warrant under this paragraph will not be made, and if the Hingham Journal or any other newspaper is at the time circulated in the town as a local newspaper, an attested copy of the entire warrant shall be published in one such newspaper at least fourteen (14) days

before the day appointed in the warrant for the meeting.

(c) As soon as practicable after the adjournment of any Town Meeting, on a vote to adjourn to another day, the Select Board shall cause a brief statement of the day and hour to which the adjournment was voted and of the business remaining to come before the meeting to be posted in the same place where notice of the Town Meeting was posted pursuant to Section 4 of this Article, and if the period of adjournment will permit, shall cause a similar notice to be published in some one newspaper, if any, circulated in the town as a local newspaper.

(d) Except as otherwise required by law, compliance with this Section 5 shall not be a requisite of valid notice of any meeting of any action taken thereat.

SECTION 6 - In connection with each article made a part of the warrant for a Town Meeting there shall be inserted in the warrant, the name of the Town board, department or other Town entity proposing the article, and in the case of an article inserted pursuant to a petition to the Select Board, the name of the first person signing such petition and the words 'and others'.

SECTION 7 - The warrant for the Annual Town Meeting shall close on the twentieth day of January, except that the closing date for all zoning articles shall be December first; provided, however, that the Select Board shall open the warrant within such period for the insertion of additional articles to the extent that compliance with any provision of law shall require, or whenever in their reasonable opinion there remains sufficient time for compliance with the provisions of Sections 4, 5, and 6 of this Article and with the provisions of Article 14. The warrant for a Special Town Meeting shall close on the day determined by the Select Board who shall cause notice of said date to be posted in the Town Office Building.

SECTION 8 - (a) Each matter produced for insertion in a warrant for an Annual or Special Town Meeting, whether by a Town board or by petition, shall be submitted to the Select Board in the form of the complete text of the proposed article accompanied by the full name and contact information of a knowledgeable representative of the proponent. In the case of an article submitted by petition, the submission also shall include the required signatures of at least ten (10) registered voters of the Town in the case of an Annual Town Meeting or one hundred (100) registered voters of the Town in the case of a Special Town Meeting.

(b) The Select Board, no later than ten (10) days after any of the following: the January 20th date described in Section 7, the closing date of a re-opened warrant described in Section 7 or the closing date of the warrant for a Special Town Meeting shall: (i) cause to be posted in a clearly identified position on the Town's website, a complete copy of each submission described in Section 8(a) above; and, (ii) transmit a copy of such submissions to the Advisory Committee; and (iii) make available for viewing or purchase a paper copy of such submissions.

SECTION 9 - The number of voters constituting a quorum in order to convene the first session of a Regular or Special Town Meeting shall be three hundred (300). The number of voters necessary to convene the second or any subsequent session of a Regular or Special Town Meeting shall be two hundred (200). Once convened, the quorum to transact business at any Regular or Special Town Meeting shall be two hundred (200); provided, however, that a number of less than two hundred (200) may from time to time adjourn the same.

ARTICLE 3

PROCEDURE AT TOWN MEETINGS

SECTION 1 - All sessions of any town meeting shall be public to the extent required by law. At any session of a town meeting held for the transaction of town business (other than for the election of such officers as are required by law to be elected by ballot) no person whose name is not on the list of voters shall be admitted to that part of the hall reserved for voters, and this provision shall be enforced by use of such list. The Moderator shall determine the bounds of the reserved space.

SECTION 2 - Printed copies of the warrant shall be furnished the voters at all town meetings.

SECTION 3 - Articles in the warrant shall be acted upon in their order, unless the meeting by vote otherwise determines.

SECTION 5 - No person shall speak more than twice upon any question, except for the brief correction of an error in or misunderstanding of his previous statement, unless all other who have not spoken on the question shall have spoken if they desire to do so, and unless leave of the meeting is first obtained.

SECTION 8 - Except as otherwise required by law, all votes shall be taken in the first instance by voice vote or by electronic vote (“E-vote”), as determined by the Moderator. In the event of a voice vote, the Moderator shall call the vote, including votes requiring a supermajority as to which the Moderator may declare that the required supermajority has voted in favor, unless a count is required under the following provisions. If the Moderator is in doubt as to the results of a voice vote or if seven (7) voters rise to request a count, then a standing vote or an E-vote, as determined by the Moderator, shall be taken in such manner as the Moderator may determine, but if the Advisory Committee or fifty (50) voters promptly call for a count, then a ballot vote or an E-vote, as determined by the Moderator.

SECTION 9 - When a question is before the meeting, the following motions, to wit:

- To adjourn,
- To lay on the table,
- For the previous question.

SECTION 10 - No vote shall be reconsidered except after the affirmative vote of two-thirds (2/3) of the voters present and voting on a motion to reconsider such vote.

SECTION 11 - A motion to reconsider any vote must be made before the final adjournment of the meeting at which the vote was passed; provided, however, that such motion to reconsider shall not be made at an adjourned session of the meeting unless the mover has given notice of the mover's intention to make such a motion either at the session of the meeting at which the vote was passed or by written notice to the Town Clerk not less than twelve (12) hours before the hour to which adjournment has been voted and not more than forty-eight (48) hours after the hour of adjournment of such session. A vote shall not be reconsidered a second time or after a motion to reconsider it has failed to pass.

SECTION 12 - At a special town meeting, not held within the annual town meeting, no amount of money shall be appropriated for any purpose (1) if the Advisory Committee recommends to the meeting that no amount be appropriated for that purpose or (2) which is in excess of the amount recommended to the meeting by the Advisory Committee for that purpose, except in either case by the affirmative vote of two-thirds (2/3) of the voters present and voting on such appropriation.

(Section 12 was submitted by the Town Clerk to the Attorney General on 7/27/87. It was adopted after no action by the Attorney General within 90 days as specified in Chapter 40, Section 32 of the Massachusetts General Laws)

ARTICLE 4

OFFICERS, BOARDS, AND COMMITTEES -- GENERAL

SECTION 1 - With the exception of the Town Accountant, heads of Town departments, and boards or committees, appointed or elected, shall, on or before the twentieth day of January of each year, file with the Select Board a written report of their doings during the preceding calendar year, with recommendations, if any, for action by the Town.

SECTION 2 - Each officer, department head, board, or committee authorized to expend money shall, on December twentieth of each year, transmit to the Town Accountant all unpaid bills outstanding as of that date. Books of the Town shall be closed December thirty-first of each year.

SECTION 3 - Each officer, department head, board, or committee making any rule or regulation shall file a copy thereof with the Town Clerk within ten (10) days after the effective date thereof.

SECTION 4 - Each officer, department head, board, or other committee shall keep the original of all plans, whether tracings or sketches, made under their direction, or file the same with the Town Clerk.

SECTION 5 - Officers, shall pay into the Town treasury all fees received by them by virtue of their office, including fees received under the provisions of Section 3 of Chapter 129A of the General Laws of the Commonwealth (inserted by Section 1 of Chapter 329 of the Acts of 1933) and Section 147 of Chapter 140 of the General Laws.

SECTION 6 - No officer, department head, board or committee authorized to expend money shall make purchases of supplies or material or contract for services to be rendered to the Town without first issuing a written purchase order therefor on prescribed forms; provided, however, that the provisions of this Section shall not apply to salaries or wages of part-time or regularly employed officers, clerks, and wage earners of any department of the town. All purchase orders shall be in triplicate; one to be designated for the vendor, one to be designated for and delivered to the Town accountant, and one to be designated for the files of the officer, department head, board, or committee issuing the order. Purchase orders issued by the School Committee shall be sufficiently authenticated by the signature of the Superintendent of Schools or of such one assistant to the Superintendent of Schools as the School Committee may designate for that purpose from time to time. The order designated for the vendor shall not be delivered to the vendor until the Town Accountant shall have certified thereon that there is sufficient unencumbered balance of the appropriation to be charged to pay the amount due under the order; provided, however, that verbal orders for supplies, materials, or services to be rendered may be given for an amount not to exceed twenty-five dollars (\$25.00). All verbal orders shall be confirmed in writing on prescribed purchase order forms on the day the orders are given and immediately transmitted to the Town Accountant and shall be subject to their certification as aforesaid.

SECTION 7 - The Town Accountant shall prescribe the methods of accounting and forms to be used by the several departments of the town concerned with the collection or disbursement of money and such methods and forms shall conform to the requirements prescribed by the statutes of the Commonwealth and any rules or regulations made thereunder.

SECTION 8 - Pre-Employment Physical By-law

A. Nondiscrimination in Employment.

The Town shall not discriminate against qualified handicapped persons by reason of their handicap(s) in its employment practices. For purposes of this section, "handicapped person" means any person who (i) has a physical or mental impairment which substantially limits one or more major life activities (ii) has a record of such an impairment, or (iii) is regarded as having such an impairment; provided, however, that such term does not include any individual who is an alcoholic or drug abuser whose current use of alcohol or drugs prevents such person from performing the duties of the job in question or whose employment, by reason of such current alcohol or drug abuse, would constitute a direct threat to the property or the safety of others. For purposes of this section, "qualified handicapped person" means a person who, with reasonable accommodation, can perform the essential functions of the job in question.

B. Reasonable Accommodation

The Town will make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee unless the accommodation would impose an undue hardship on the operation of the program in question, or would impose an unreasonable restriction on the essential functions of the job in question

C. Employment Criteria

The Town will not use employment tests or criteria that unreasonably discriminate against handicapped persons, as defined herein. Employment tests or criteria will be adapted for use by persons who have handicaps that impair sensory, manual, or speaking skills.

D. Pre-employment Inquiries

Except as provided in subsection (E), no one acting for the Town may conduct a pre-employment medical examination or make pre-employment inquiry of an applicant as to whether the applicant is a handicapped person or as to the nature or severity of a handicap. Pre-employment inquiry may, however, be made into an applicant's ability to perform job-related functions.

E. Medical Examinations

Town officers and boards having authority to employ may condition an offer of employment on the results of a medical examination conducted prior to the employee's entrance on duty; provided that (i) all entering employees are subjected to such an examination regardless of handicap, and (ii) the results of such an examination are used only in accordance with the requirements of this subsection. Each medical examination will be conducted by a physician selected and approved by the Town, which physician may be the personal physician of the employee to be examined. Any physician approved to conduct such an examination will be furnished with a description of the essential functions of the job offered to the applicant. The approved physician will conduct or cause to be conducted such examination and laboratory tests as considered appropriate to determine whether the employee is physically fit for employment.

The examining physician will report in writing to the Town officer or board having authority to employ. After reviewing the examining physicians report, the Town officer or board will notify the employee whether the offer of employment is to be confirmed or revoked. Before revoking an offer of employment, the Town officer or board will consider whether reasonable accommodation can be made in accordance with subsection (B) above. Information obtained in accordance with this subsection as to the medical condition or history of the applicant shall be collected and

maintained on separate forms that shall be accorded confidentiality as medical records, except that:

- 1) Supervisors and managers may be informed regarding restrictions on the work or duties of handicapped persons and regarding necessary accommodations;
- 2) First-aid and safety personnel may be informed, where appropriate, if the condition might require emergency treatment; and
- 3) Authorized state and federal officials will be provided relevant information upon request.

ARTICLE 5A

SELECT BOARD

SECTION 1 -- To the extent permitted by law and except as otherwise provided by law or these by-laws, the Select Board shall have the general direction and management of the property and affairs of the town. This section shall not apply to property in the custody or use of any town department, officer, or committee. The Select Board is authorized and empowered, in accordance with the provisions of Chapter 41, Section 23A, of the Massachusetts General Laws, to appoint a Town Administrator as provided in Article 5B of these By-laws.

SECTION 2 -- The Select Board shall cause to be printed and made available to residents before the annual town meeting, the annual town report, which shall contain a Select Board's report, a report of the Town Administrator, and the reports provided for by Section 1 of Article 4 of these by-laws. The report of the doings of the Select Board shall include the following relating to the Town Administrator position: (i) a statement as to the status of any employment contract between the town and the Town Administrator describing its key terms, including, but not limited to, the term of the contract, total compensation (including salary and benefits), termination, removal and non-renewal provisions; and (ii) a statement clearly indicating any authority or responsibility listed in Section 5B hereof contemplated to be assigned or delegated to the Town Administrator which has not been so assigned or delegated and any which has been modified or withdrawn from assignment or delegation to the Town Administrator and the rationale therefor, together with an affirmation that all other listed authorities and responsibilities in said Section 5B continue to be assigned or delegated.

SECTION 3 - The Select Board members may appear, either personally or by counsel, before any court, committee of the Legislature, or by any federal, state, or county board or commission or other tribunal, to protect the interests of the town, but they are not authorized hereby to commit the town to any course of action.

SECTION 4 - Except as otherwise provided by law, by these By-laws, or by vote of the Town in any instance, all deeds, conveying land or interests in land executed by the Select Board, pursuant to due authorization, shall be valid if signed by a majority of the Select Board and sealed with the town seal.

SECTION 4A – In addition to such other requirements as are established by law, the Select Board shall not transfer or dispose of real property of the Town unless Town Meeting, by majority vote, has approved the use or uses intended for the property upon its disposition. For purposes of this section, Town real property shall mean any land and/or buildings owned, held or controlled in the name of the Town by the Select Board, the School Committee, or Conservation Commission. Intended use or uses of the property shall refer only to the use or uses of the property immediately after disposition and approval of the use shall not operate as a restriction on the property thereafter.

SECTION 5 - The Select Board shall make and enforce rules and regulations consistent with law and these By-laws for the government of the police department and shall cause copies of the same to be printed for the use of the police department.

SECTION 6 - The Select Board, acting on the advice of counsel, may at any time settle any claim,

demand, or suit against the town which in its opinion it is advisable in the best interests of the town to settle, but only if the amount to be paid does not exceed the balance then remaining of funds appropriated for or transferred to the claims account in the then-current year.

SECTION 7 - The Select Board may institute and prosecute any and all actions, suits, or legal proceedings which it shall deem necessary or advisable in the interests of the town, and may appear in and defend any action, suit, or legal proceeding brought against or involving the rights or interests of the town; and may employ counsel to act in the foregoing matters whenever it is deemed necessary.

SECTION 7A - In the event that any civil action, suit, or proceeding, of whatever nature, is brought by any party other than the town or the Commonwealth against a present or former officer, department head, or member of a board or committee in his individual capacity, based upon or arising out of an act or a failure to act of such officer, department head, or member which is or purports to be in their official capacity, the Select Board shall, upon the written request of such officer, department head, or member, retain legal counsel of its choice for the defense thereof and pay, from any available general appropriation for legal services to the town, all costs and expenses of such defense, including the fees of said counsel, and a payment of twenty dollars (\$20.00) per day to any such officer, department head, or member of a board or committee who is not a full-time employee of the town and who appears at such civil action, suit, or proceeding after and upon issuance of a summons, provided that such officer, department head, or member shall enter into an undertaking, in such form and with such security or without security as the Select Board shall determine to repay to the town all such costs and expenses, including any payment or payments of twenty dollars (\$20.00), directly related to the defense of such officer, department head, or member in their individual capacity as may have been paid or required to be paid by the town in the event that such officer, department head, or member is finally adjudged in such action, suit, or proceeding not to have acted in good faith in what they reasonably believed to be the performance of their official duties.

SECTION 8 – (A) The Town’s Chief Procurement Officer shall be responsible for disposing of all tangible supplies that are no longer useful to the Town but that have a resale or salvage value of less than ten thousand dollars (\$10,000). The term “supplies” includes motor vehicles, machinery, computer equipment, furniture, and other items of personal property, but does not include real property.

(B) Upon the request of any department head, board, or committee, the Chief Procurement Officer or their designee may declare supplies to be surplus, and may approve the supplies for disposition, if those supplies are no longer useful to the Town.

(C) Any supplies declared to be surplus and approved for disposition shall be disposed of in accordance with the following procedures, compliance with which shall be the responsibility of the Chief Procurement Officer:

(1) The Chief Procurement Officer or their designee shall circulate a list of the supplies to be disposed of, to other Town departments, including the School Department, and shall convey the supplies to any department that wants them;

(2) In the event that no other Town department claims the supplies, the Chief Procurement Officer or their designee shall value the supplies in a commercially reasonable manner.

(3) (a) If the supplies are valued at ten thousand dollars (\$10,000) or more, the Chief Procurement Officer shall comply with the requirements of Massachusetts General Laws Chapter 30B, sections 15(b) through (d).

(b) If the supplies are valued at less than ten thousand dollars (\$10,000) but more than one hundred dollars (\$100), the Chief Procurement Officer shall utilize any one or more of the following methods of disposition, with the intent of maximizing the return on revenue to the Town:

(i) Trade-in the supplies with the purchase of equipment;

(ii) Sell the supplies to another governmental unit that is known to be interested;

(iii) Sell the supplies to the highest bidder after advertising the supplies' availability on the Internet, at the Town Office Building, and / or in a newspaper published in the Town;

(iv) Sell the supplies at public auction, notice of which shall conform to Massachusetts General Laws Chapter 30B, Section 5(c); or

(v) Sell the supplies at private sale, except that no such private sale shall be made to any employee or elected or appointed official of the Town;

(c) If the supplies are valued at one hundred dollars (\$100) or less, the Chief Procurement Officer may utilize any one or more of the methods of disposition specified in the preceding subsection. Alternatively, the Chief Procurement Officer may recycle or trash the supplies or may donate them to a charitable organization that has received a tax exemption from the United States by reason of its charitable nature, as the Chief Procurement Officer deems appropriate.

(4) The Town shall reserve the right to accept or reject any or all offers to purchase surplus supplies. All surplus supplies shall be sold on an "as is / where is" basis, with no warranty of any kind, express or implied.

(5) All monies from the disposition of supplies under this procedure shall be payable to the Town. All revenue from the disposal of supplies under this procedure shall be deposited with the Town Treasurer for deposit in the General Fund.

(6) If the Town receives no offers for a surplus supply, the supply may be disposed of in any commercially reasonable manner.

SECTION 9 - The total assessed upon any individual estate by reason of construction of a new sidewalk in an abutting way or the reconstruction of a sidewalk already existing in such way with material of more permanent character than that with which it was originally constructed shall not exceed one percent (1%) of the value of such estate as fixed by the last preceding assessment for taxes.

The Select Board shall provide the Town Administrator with an annual review of the Town Administrator's job performance with input from department heads, employees and members of elected and appointed boards. As part of its annual review, the Select Board shall evaluate the Town Administrator's performance, including the ability to supervise municipal employees properly, administer town government effectively, effectuate policy and accomplish established goals.

The Select Board shall approve or disapprove the appointment and the terms and conditions of employment within fourteen (14) days of such notice. A failure of the Select Board to act within this fourteen (14) day period shall be deemed approval of the appointment and the terms and conditions thereof. Any termination or removal of such department heads shall be subject to the same notice and approval requirements for appointments as set forth in this paragraph.

The Town Administrator or the Town Administrator's designee shall appoint and remove all other town employees under the jurisdiction of the Select Board except as may be required by Civil Service.

SECTION 3 - All checks drawn to the order of the Town Treasurer, any department, or cash shall be countersigned by the Town Accountant.

SECTION 4

The Treasurer/Collector shall annually furnish to each department, board, commission or division, hereinafter referred to as the licensing authority, that issues licenses or permits including renewals and transfers, a list of any person, corporation, or business enterprise, hereinafter referred to as the party, that has neglected or refused to pay any local taxes, fees, assessments, betterments or other municipal charges for not less than a twelve month period, and that such party has not filed in good faith a pending application for an abatement of such tax or a pending petition before the appellate tax board.

SECTION 13 - A person having a permit under Section 12 of this Article shall restore the public way to its original condition or to a condition satisfactory to the Select Board. SECTION 14 - No person shall knowingly suffer or permit any water or other liquid to run or be discharged from any building owned by them or under their control, onto or across any curbed or finished sidewalk. Provided, however, that this Section shall not be deemed to prohibit washing windows or other parts of any building on private property if the work is done at a time when, and in such manner that, no unsafe condition results therefrom.

SECTION 15 - No person shall coast upon or across any sidewalk, or other part of any public way, except at such times and at such places as may from time to time be designated by the Select Board.

WETLANDS PROTECTION BY-LAW

SECTION 1 - Purpose and Protectable Resources

The purpose of this By-law is to protect the foreshores, wetlands, and groundwater supply of the Town of Hingham by controlling activities deemed to have a significant effect on wetland and water quality values, including, but not limited to, the following:

Public or private water supply, groundwater, flood control, erosion control, storm damage, water pollution, fisheries, shellfish, wildlife, recreation and aesthetics. No person shall remove, fill, dredge, or alter any bank, freshwater wetland, coastal wetland, beach, dune, bog, flat, marsh, meadow, vernal pools or swamp, or any estuary, creek, river, stream, pond, lake, or the ocean, or the land under or bordering on said waters or wetlands, or any land subject to tidal action, coastal storm flowage, or flooding, or Riverfront Area without first filing written notice of such person's intention to so remove, fill, dredge, or alter by sending a separate letter, by certified mail, or by hand delivery to the Hingham Conservation Commission (hereinafter referred to as the "Commission") or its authorized agent, and without receiving and complying with an Order of Conditions, and provided all appeal periods have lapsed. Such Notice of Intent shall include such plans as required, from time to time, by the Commission and as may be necessary to describe such proposed activity and its effect on the environment. The same plans and specifications required to be filed by an applicant under Massachusetts General Laws, Chapter 131, Section 40, will be accepted as fulfilling the requirements of this By-law.

The Commission may hear any oral presentation under this By-law at the same public hearing required to be held under the provision of said Chapter 131, Section 40 of the Massachusetts General Laws. Definitions set forth in said Chapter and section of the General Laws and in the regulations issued, as amended from time to time, by the Department of Environmental Protection, or any successor thereto, are hereby made a part of this By-law. The Commission may, from time to time, adopt such additional definitions, regulations, and performance standards as it may deem necessary to further the purpose and protect the interests of this By-law. Said definitions shall become effective upon publication following a public hearing.

This Article 22 is intended to utilize the Home Rule authority of this municipality to protect additional resource areas, for additional values, with additional standards and procedures stricter than those of the Wetlands Protection Act, M.G.L. Chapter 131, Section 40 and regulations thereunder, 310 CMR 10.00. Activities that may not require review or permitting under the Wetlands Protection Act, the Rivers Protection Act, or other federal, state or local statutes are not assumed to be exempt from this By-law.

SECTION 2 - Regulated Activities

2A. Except as permitted by the Commission or as otherwise provided in this By-law, no person shall remove, fill, dredge, alter or build upon or within one hundred (100) feet of any resource area, as outlined in Section 1 of this By-law, or within the two-hundred (200) foot Riverfront Area, as defined in 310 CMR Section 10.58. The provisions of this By-law shall not apply to any removing, filling, dredging, or altering necessary in the course of maintaining or repairing, or replacing, but not substantially changing or enlarging, an existing lawfully located structure or facility used in the service of the public to provide electric, gas, sewer, water, telephone or telecommunication services. Any removal, filling, dredging or altering authorized by this section

2A shall be subject to best management practices for sediment and erosion control.

2B. Except as authorized by the Commission, no activity or alteration shall be permitted within a fifty (50) foot buffer strip between any wetland resource , bordering vegetated wetland, coastal dune or bank, and/or isolated vegetated wetland and any proposed site disturbance. Prohibited activities shall include, but are not limited to, the following: (1) new construction of any buildings, decks, in-ground and above-ground swimming pools, sheds and/or driveways of any nature or type (excepting water dependent structures expressly approved by the Commission); (2) alteration, reconstruction or relocation of existing buildings, sheds and/or driveways of any nature or type; and (3) activities which involve or result in the removal, filling or altering of land within the buffer strip, including vegetation removal and grading. Nothing herein shall preclude the maintenance of an existing, lawfully constructed structure located within the buffer zone. The Commission may allow the prohibited activities upon an express determination that the applicant has made a clear and convincing showing that the proposed work in the buffer strip and its natural and consequential impact and effects will not adversely affect the wetland values of this By-law.

2C. Except as authorized by the Commission, no activity or alteration shall be permitted within one hundred (100) feet of a vernal pool, whether it be certified or uncertified but accompanied by credible evidence of its viability as a vernal pool. The one hundred (100) feet around the defined vernal pool boundaries shall be known as "Vernal Pool Protection Zone".

Isolated Vegetated Wetlands, Isolated Land Subject to Flooding, and the adjacent one hundred (100) feet surrounding these depressions are protected under the Hingham Wetlands Protection By-law. Vernal Pool Habitat is defined as confined basin depressions which, at least in most years, hold water for a minimum of two (2) continuous months during the spring and/or summer, and which are free of adult fish populations, as well as the area within one hundred (100) feet of the mean annual boundaries of such depressions.

SECTION 3 - Definitions

The term "person" as used in this By-law shall include any individual, group of individuals, association, partnership, corporation, company, business, organization, trust, estate, the Commonwealth or political subdivision thereof, administrative agency, public or quasi-public corporation or body, or any other legal entity or its legal representatives, agents or assigns.

SECTION 4A - Request for Determination

The Commission may make a determination as to whether or not this By-law applies to a specific situation prior to the filing of a written Notice of Intent under the provisions hereof within twenty-one (21) days of the receipt of a written request by certified mail, or by hand, from any person desiring such a determination. The Commission, its agents, officers, and employees, may enter upon the land on which the proposed work is to be done in response to a Request for Determination, or for the purpose of carrying out its duties under this By-law, and make, or cause to be made, such examination or survey as it deems necessary.

SECTION 4B - Notice of Intent

The same Notice of Intent, plans and specifications required to be filed by an applicant under Massachusetts General Laws, Chapter 131, Section 40, will be accepted as fulfilling the filing requirements of the By-law. Within twenty-one (21) days after receiving a Notice of Intent, the Commission shall hold a public hearing on the proposed activity. Notice of the date, time and place of said hearing shall be given by the Commission at the expense of the applicant not less

than five (5) days prior to such hearing by publication in a newspaper of general circulation in the Town and by mailing a notice to the applicant by mail. The applicant may be present at said hearing and may be represented by counsel and shall be entitled to present evidence, call witnesses, and question any witnesses appearing at the hearing. The Commission shall make and keep a record of its proceedings and, upon request, shall furnish copies at reasonable cost. Said hearing shall be conducted simultaneously with the public hearing required to be held under the provisions of said Chapter 131, Section 40, and in conformity with said regulations promulgated by the Department of Environmental Protection. The Commission, its agents, officers, and employees, may enter upon the land on which the proposed work is to be done in response to a Request for Determination, or for the purpose of carrying out its duties under this By-Law, and make, or cause to be made, such examination or survey as it deems necessary.

SECTION 5 - Authorization of Commission To Deny Project

The Commission is empowered to deny permission for any removal, dredging, filling or altering on subject lands within the Town if, in its judgment, such denial is necessary to preserve the environmental quality and to protect the wetland and water quality values of either or both the subject lands and contiguous lands. Due consideration shall be given to possible effects of the proposal on all values to be protected under this By-law and to any demonstrated hardship on the petitioner by reason of a denial, as brought forth at the public hearing.

SECTION 6 - Issuance of an Order of Conditions

The Commission may, as an alternative to denial, impose such conditions as it deems necessary to contribute to said protection and preservation of subject and contiguous lands in accordance with the purpose of this By-law and may issue an Order of Conditions. Any Order of Conditions issued under this By-law shall be considered a "permit obtainable by local by-law", as defined in Massachusetts General Laws, Chapter 131, Section 40 and its regulations.

SECTION 7A - Emergency Work and Other Exemptions

Notice required by Section 1 of this By-law shall not apply to emergency projects necessary for the protection of the health or safety of the citizens of the Commonwealth and to be performed or ordered to be performed by an agency of the Commonwealth of Massachusetts or of the Town. An emergency project shall mean any project certified to be an emergency by the Commission or its authorized agent. If the Commission or its authorized agent, as the case may be, fails to act within twenty-four (24) hours of receipt of a Request for Certification of an emergency project, said project may be certified by the Hingham Select Board or its authorized agent. In no case shall any removal, filling, dredging, or altering commence prior to any emergency certification nor extend beyond the time necessary to abate the emergency.

SECTION 7B - Filing Fees

The Commission is authorized to establish filing fees to defray costs incurred in conducting hearings under the Wetlands Protection By-law and to adopt rules and regulations regarding the establishment and collection of such fees. Such rules and regulations may be adopted or amended at any regularly scheduled meeting of the Commission subject to the approval of the Select Board. Upon such approval they shall be published once in a newspaper of general circulation in the Town, shall thereafter be posted for seven consecutive days in five conspicuous places, and shall become effective upon the expiration of said seven (7) days.

The Commission may waive fees when an application fee for a permit, filing, or request for determination or applicability or other application is made by a government agency, municipality

or not-for-profit organization.

SECTION 8 - Establishment of Surety Bonds

The Commission may require the posting of security, running to the Town, including, without limitation, a letter of credit, cash, and bond with surety, in such form and amount and with such conditions as may be determined in the sole opinion of the Commission, after recommendation by its Town Counsel. Such security shall secure faithful and satisfactory performance on work required by any final "Order of Conditions", but shall not be an amount greater than the estimated cost of the work required for the restoration of affected lands and properties if the work is not performed as required.

The Commission may also consider a Conservation Restriction, easement or other covenant enforceable in a court of law as a way to secure adherence to conditions imposed by the Commission. Such covenant shall be executed and duly recorded by the owner of record, running with the land to the benefit of the Town, whereby the permit conditions shall be performed and observed before any lot may be conveyed other than by mortgage deed. This method shall be used only with the consent of the applicant.

SECTION 9 - Entry to Property for Review Purposes

The Commission, its agents, officers and employees shall have the authority to enter upon privately owned land pursuant to warrant, court procedure, or another appropriate administrative order for the purpose of performing their duties under the by-law and may make or cause to be made such examinations, surveys or sampling as the Commission deems necessary.

SECTION 10 - Burden of Proof

The applicant for a permit shall have the burden of proving by a preponderance of credible evidence that the work proposed in the application and depicted on the plans will not have unacceptable significant or cumulative effect upon the wetland values protected by this Article 22.

SECTION 11A - Establishment of Enforcement Authority

The Commission shall have the authority to enforce this By-law, its regulations, and permits issued thereunder by enforcement orders, violation notices, administrative orders, and civil and criminal court actions. Upon request of the Commission to, and with the approval of, the Select Board, the Town Counsel may take legal action for enforcement under civil law. Upon request of the Commission, the Chief of Police may take legal action for enforcement under criminal law.

SECTION 11B - Establishment of Fines

Any person including, but not limited to, the property owner, landscaper, contractors and tree cutting services, who violates any provision of this By-law, its regulations or any conditions of a permit issued pursuant to it shall be punished by a fine which shall be set by the Commission. The fine shall be one hundred dollars (\$100) per violation. Each day or portion thereof during which a violation continues shall constitute a separate violation and each By-law, regulation or permit violated shall constitute a separate offense. A Hingham police officer or the Conservation Commission or its agent may enforce this By-law by noncriminal complaint pursuant to M.G.L. Chapter 40, Section 21D. Upon request by the Commission, the Select Board and Town Counsel shall take such legal action as may be necessary to enforce this By-law and permits issued pursuant to it.

SECTION 11C - Show-Cause Hearings

The Commission may require a Wetlands By-law violator to attend a "Show-Cause" Hearing at a scheduled time and date certain if, in the Commission's judgment, the violator has failed to respond to an Enforcement Order, cooperate with the Commission's request for remedial actions or take required steps necessary for ensuring protection of the resources and associated buffer zones in a timely manner.

SECTION 12 - Severability

Should any section or provision of this By-Law be found invalid, the validity of any other section or provision thereof shall not be affected, nor shall it invalidate any permit, approval or determination which previously has been issued.

open to view from a public street, public way, public park or public body of water, including but not limited to the architectural style and general arrangement and setting thereof, the kind, color and texture of exterior building materials, the color of paint and other materials applied to exterior surfaces and the type and style of windows, doors, lights, signs and other appurtenant exterior fixtures; the words "person aggrieved" mean an applicant, an owner of property adjoining the property of an applicant, an owner of property within the same historic district as the property of an applicant and within one hundred feet of said property as measured from a property line and any charitable corporation one of whose purposes is the preservation of historic structures or districts; the word "structure" means a combination of materials other than a building, including a sign, fence, wall, terrace, walk or driveway.

SECTION 4 - Certificate of Appropriateness, Non-Applicability or Hardship

Except as otherwise provided in Sections 6 or 7 of this By-law, no building or structure within an historic district shall be constructed or altered in any way that affects an exterior architectural feature unless the Commission shall first have issued a certificate of appropriateness, a certificate of non-applicability or a certificate of hardship with respect to such construction or alteration.

Any person who desires to obtain a certificate from the Commission shall file with the Commission an application therefor in such form as the Commission may reasonably determine, together with such plans, elevations, specifications, material or other information, including in the case of demolition or removal a statement of the proposed condition and appearance of the property thereafter, as may be reasonably deemed necessary by the Commission to enable it to make a determination on the application.

No building permit for construction of a building or structure or for alteration of an exterior architectural feature within an historic district and no demolition permit for demolition or removal of a building or structure within an historic district shall be issued by the Building Commissioner until the certificate required by this section has been issued by the Commission.

SECTION 5 - Factors Considered By Commission in Making Determination On Application For Certificate

In passing on matters before it the Commission shall consider, among other things, the historic and architectural value and significance of the site, building or structure, the general design, arrangement, texture, material and color of the features involved, and the relation of such features to similar features of buildings and structures in the surrounding area. In the case of new construction or additions to existing buildings or structures the Commission shall consider the appropriateness of the size and shape of the building or structure both in relation to the land area upon which the building or structure is situated and to buildings and structures in the vicinity, and the Commission may in appropriate cases impose dimensional and setback requirements in addition to those required by other applicable laws or by-laws. The Commission shall not consider interior arrangements or architectural features not subject to public view.

The Commission shall not make any recommendation or requirement, except for the purpose of preventing changes or developments incongruous with the historic aspects or the architectural characteristics of an historic district.

SECTION 6 - Exclusion of Certain Matter from Review

The authority of the Commission shall not extend to the reconstruction, if substantially similar in exterior design, of a building, structure or exterior architectural feature damaged or destroyed by

fire, storm or other disaster, provided such reconstruction is begun within one (1) year of the damage or destruction and carried forward with due diligence.

The Commission may determine from time to time after public hearing that certain categories of exterior architectural features, if the provisions of applicable laws or by-laws do not limit the authority of the Commission with respect thereto, may be constructed or altered without review by the Commission without causing substantial derogation from the intent and purposes of this By-law.

Upon request the Commission shall issue a certificate of non-applicability with respect to construction or alteration in any category then not subject to review by the Commission in accordance with this Section 6.

SECTION 7 - Ordinary Maintenance; Landscaping; Changes Otherwise Permitted or Required

Nothing in this B-law shall be construed to prevent the ordinary maintenance, repair or replacement of any exterior architectural feature within an historic district which does not involve a change in design, material, color or the outward appearance thereof, nor to prevent landscaping with plants, trees or shrubs, nor construed to prevent the meeting of a requirement certified by a duly authorized public officer to be necessary for public safety because of an unsafe or dangerous condition, nor construed to prevent any construction or alteration under a permit duly issued prior to the effective date of the applicable historic district by-law.

SECTION 8 - Additional Powers, Functions And Duties Of Commission

The Commission shall by a majority vote of the members thereof promulgate appropriate procedural rules and regulations for the calling of meetings, the calling and conduct of hearings, the issuance and filing of certificates and other determinations, and the keeping of records, provided that the same shall be consistent with the requirements of Chapter 40C, Sections 10 and 11, of the Massachusetts General Laws, and other provisions of this By-law.

The Commission may after public hearing set forth in such manner as it may determine various designs of certain appurtenances, such as lighting fixtures, which will meet the requirements of an historic district and a roster of certain colors of paint and roofing materials which will meet the requirements of an historic district, but no such determination shall limit the right of an applicant to present other designs or colors to the Commission for its approval.

The Commission may, where a certain construction or alteration is otherwise inappropriate, nevertheless determine that owing to conditions especially affecting the building or structure involved, but not affecting the historic district generally, failure to approve an application will involve a substantial hardship, financial or otherwise, to the applicant and that such application may be approved without substantial detriment to the public welfare and without substantial derogation from the intent and purpose of this By-law. If the Commission so determines, it shall cause a certificate of hardship to be issued to the applicant.

The Commission may, subject to appropriation, employ clerical and technical assistants or consultants and incur other expenses appropriate to the carrying on of its work, and may accept money gifts and expend the same for such purposes.

The Commission shall have, in addition to the powers, authority and duties granted to it by this By-law, such other powers, authority and duties as may be assigned to it from time to time by

Town Meeting vote.

SECTION 9 - Appeals to and Enforcement by the Superior Court

Any person aggrieved by a determination of the Commission may, within twenty (20) days after the filing of the notice of such determination with the Town Clerk, appeal to the Superior Court for Plymouth County, in accordance with the provisions of Chapter 40C, section 12A, of the Massachusetts General Laws.

The Superior Court for Plymouth County may, in accordance with the provisions of Chapter 40C, section 13, of the Massachusetts General Laws, enforce the provisions of this By-law, and any determination, ruling or regulation issued pursuant thereto, and may, upon the petition of the Commission or the Select Board, restrain by injunction violations thereof; and, without limitation, such court may order the removal of any building, structure or exterior architectural feature constructed in violation thereof, or the substantial restoration of any building, structure or exterior architectural feature altered or demolished in violation thereof, and may issue such other orders for relief as may be equitable.

Whoever violates any of the provisions of this By-law shall be punished by a fine of not less than ten dollars (\$10) nor more than five hundred dollars (\$500). Each day during any portion of which a violation continues to exist shall constitute a separate offense.

SECTION 10 - Districts Established By Special Acts of The General Court

The Lincoln Historic District and the Glad Tidings Historic District, established pursuant to a prior Special Act of the Massachusetts General Court, shall hereafter be subject to the provisions of this By-law, notwithstanding the terms of such Special Act. The provisions of this By-law shall not affect the validity of these historic districts.

A permit, as this term is used in this By-law, shall include a building permit for demolition activities as defined above and/or a permit for demolition issued by the Commissioner pursuant to the Massachusetts State Building Code.

Historically Significant – a determination by the Commission that a Regulated Building or Structure is:

SECTION 3 - Regulated Buildings and Structures

The provisions of this By-law shall apply only to the following buildings or structures (and the architectural elements thereof) which shall be known for purposes of this bylaw as "Regulated Buildings or Structures":

(1) a building or structure listed on the National Register of Historic Places or the State Register of Historic Places, or the subject of a pending application for listings on either of said Registers; or

(3) a building or structure included in the Inventory of the Historic and Prehistoric Assets of the Commonwealth, the Hingham Comprehensive Inventory of the historic, architectural and archeological assets of the Town or designated by the Commission for inclusion in either of said Inventories. Notwithstanding the preceding sentence, the provisions of this Section shall not apply to any building or structure located in a local historic district and subject to regulation under the provisions of Chapter 40C of the Massachusetts General Laws.

SECTION 4 - Procedure

A. The Commissioner shall forward a copy of each Permit application for a Regulated Building or Structure to the Commission within seven (7) days after the filing of such application. Notwithstanding anything to the contrary contained in this Article 31, the procedure set forth in this Section 4 shall not apply, and the Commissioner may issue a permit, if the Commissioner determines that: (a) the proposed demolition is part of a project which includes the repair or renovation of the structure in question, and (b) the appearance of the structure subsequent to the completion of the demolition and related repair or renovation from the street(s) abutting the property upon which the structure is located shall be substantially the same as its appearance prior to such demolition.

B. Within thirty (30) days after its receipt of such application, the Commission shall determine whether the Regulated Building or Structure is Historically Significant. The applicant for the permit shall be entitled to make a presentation to the Commission if he or she makes a timely request in writing to the Commission. The Commission may, by a majority vote of the Commission, delegate the determination of whether a Regulated Building or Structure is Historically Significant to Commission staff or to a designated Commission member. In the event that the Commission delegates the determination to the Commission staff or to a designated Commission member, the Commission shall adopt criteria to be followed by the Commission staff or such member in making the determination. A determination by the Commission staff or by a Commission member pursuant to such delegation shall be deemed a determination by the Commission.

C. If the Commission determines that the Regulated Building or Structure is not Historically Significant, it shall so notify the Commissioner and the applicant in writing and the Commissioner may issue a Permit. If the Commission determines that the Regulated Building or Structure is Historically Significant, it shall notify the Commissioner and the applicant in writing that a demolition plan review must be made prior to the issuance of a Permit. If the Commission fails to notify the Commissioner and the applicant of its determination within thirty (30) days after its receipt of the application, then the Regulated Building or Structure shall be deemed not Historically Significant and the Commissioner may issue a permit.

D. Within sixty (60) days after the applicant is notified that the Commission has determined that a Regulated Building or Structure is Historically Significant, the applicant for the permit shall submit to the Commission ten (10) copies of a demolition plan which shall include the following information: (i) a map showing the location of the Regulated Building or Structure or architectural element(s) thereof to be demolished with reference to lot lines and to neighboring buildings and structures; (ii) photographs of all street facade elevations; (iii) a description of the Regulated Building or Structure or architectural element(s) thereof to be demolished; (iv) the reason for the proposed demolition and data supporting said reason, including, where applicable, data sufficient to establish any economic justification for demolition; and (v) a brief description of the proposed reuse of the parcel on which the Regulated Building or Structure is located.

E. The Commission shall hold a public hearing with respect to the application for a Permit, and shall give public notice of the time, place and purposes thereof at least fourteen (14) days before said hearing in such manner as it may determine, and by mailing, postage prepaid, a copy of said notice to the applicant, to the owners of all adjoining property and other property deemed by the Commission to be materially affected thereby as they appear on the most recent real estate tax list of the board of assessors, to the planning board, to any person filing written request for notice of hearings, such request to be renewed yearly in December, and to such other persons as the Commission shall deem entitled to notice. Within sixty (60) days after its receipt of the demolition plan, the Commission shall file a written report with the Commissioner on the demolition plan which shall include the following: (i) a description of the age, architectural style, historic association and importance of the Regulated Building or Structure or architectural element(s) thereof to be demolished; and (ii) a determination as to whether or not the Regulated Building or Structure or any architectural element thereof should preferably be preserved. The Commission shall determine that a Regulated Building or Structure or architectural element thereof should preferably be preserved only if it finds that the Regulated Building or Structure or architectural element(s) thereof is Historically Significant because it is important to the Town's historical and/or architectural resources and is in the public interest to preserve, rehabilitate or restore.

F. If, following the demolition plan review, the Commission does not determine that the Regulated Building or Structure and/or architectural element(s) thereof to be demolished should preferably be preserved, or if the Commission fails to file a report with the Commissioner within the time limit set out in subparagraph (E) next above, then the Commissioner may issue a permit.

G. If, following the demolition plan review, the Commission determines that the Regulated Building or Structure and/or architectural element(s) thereof to be demolished should preferably be preserved, then the Commissioner shall not issue a Permit for a period of six (6) months from the date of the filing of the Commission's report unless the Commission informs the Commissioner prior to the expiration of such six (6) month period that it is satisfied that the applicant for the Permit has made a bona fide, reasonable and unsuccessful effort to locate a purchaser for the Regulated Building or Structure who is willing to preserve, rehabilitate or restore the Regulated Building or Structure, or has agreed to accept a Permit on specified conditions approved by the Commission.

H. Any material change to the plans filed and approved by the Commissioner and the Commission that (i) pursuant to the Massachusetts State Building Code, requires the permit holder to file for a modification, (ii) occurs subsequent to the issuance of a Permit previously approved by the Commission, and (iii) affects the exterior of a Regulated Building or Structure or architectural element thereof, must be reviewed by the Commission. The applicant shall submit plans detailing

the requested changes to the Commission and the Commissioner. The Commission shall issue a written report to the Commissioner within 30 days of receipt of such plans. Such report shall either approve the requested changes and authorize the issuance of a permit pursuant to the revised plans or shall deny the proposed changes. The changes shall be deemed approved if such report is not received by the Commissioner within said thirty (30) day period. If the proposed changes are not approved, the applicant may proceed with the work as authorized under the original Permit or the work as described in the revised plans will be subject to Section 4.G above.

SECTION 5 - Emergency Demolition

If the condition of a Regulated Building or Structure poses a serious and imminent threat to the public health or safety due to its deteriorated condition, the owner of such Regulated Building or Structure may request the issuance of an emergency permit from the Commissioner. As soon as practicable after the receipt of such a request, the Commissioner shall arrange to have the property inspected by a board consisting of the Commissioner, the Chair of the Commission and the Board of Health, and the Chief of the Fire Department, or their respective designees. After the inspection of the Regulated Building or Structure and consulting with this board, the Commissioner shall determine whether the condition of the Regulated Building or Structure represents a serious or imminent threat to public health or safety and whether there is any reasonable alternative to the immediate demolition of the Regulated Building or Structure which would protect the public health and safety. If the Commissioner finds that the condition of the Regulated Building or Structure poses a serious and imminent threat to public health or safety, and that there is no reasonable alternative to the immediate demolition thereof, the Commissioner may issue an emergency permit to the owner of the Regulated Building or Structure. Whenever the Commissioner issues an emergency Permit, under the provisions of this Section 5, the Commissioner shall prepare a written report describing the condition of the Regulated Building or Structure and the basis for the decision to issue an emergency Permit with the Commission. Nothing in this Section 5 shall be inconsistent with the procedures for the demolition and/or securing of buildings and structures established by Chapter 143, Sections 6-10, of the Massachusetts General Laws. In the event that a Board of Survey is convened under the provisions of Section 8 of said Chapter 143 with regard to any Regulated Building or Structure, the Commissioner shall request the Chairman of the Commission or his designee to accompany that Board of Survey during its inspection. A copy of the written report prepared as a result of such inspection shall be filed with the Commission.

SECTION 6 - Non-Compliance

A. The Commission may request that the Select Board institute any and all actions or proceedings, in law or equity as the Select Board may deem necessary and appropriate to obtain compliance with the requirements of this By-law or to prevent a threatened violation thereof.

B. Anyone who engages in demolition in violation of this By-law may be subject to a fine of not more than three hundred dollars (\$300). Each day the violation exists shall constitute a separate offense until a faithful restoration of the demolished Regulated Building or Structure or architectural element is completed or unless otherwise agreed to by the Commission.

C. No building permit shall be issued with respect to any premises upon which demolition has occurred in violation of this By-law for a period of three (3) years after the date of such violation. As used herein, "premises" refers to the parcel of land upon which the Regulated Building or Structure (or architectural element thereof) was located and all adjoining parcels of land under common ownership or control.

D. Notwithstanding the foregoing, whenever the Commission shall, on its own initiative, or on application of the landowner, determine that earlier reconstruction, restoration or other remediation of any demolition in violation of this By-law better serves the intent and purpose of this By-law, it may, prior to the expiration of said three (3) year period, authorize the Commissioner in writing to issue a permit upon such conditions as the Commission deems necessary or appropriate to effectuate the purposes of this By-law. Upon issuance of such written authorization by the Commission to the Commissioner, and compliance of the landowner with the conditions, if any, of such authorization, the building permit moratorium set forth in subsection 6.C shall cease, provided that future Permit applications for the premises shall be subject to applicable provisions of this By-law.

E. Nothing in this Section shall be deemed to exempt a landowner from compliance with any requirements of the State Building Code or prohibit landowners from complying with any requirements of the State Building Code.

SECTION 7 - Appeals to Superior Court

Any person aggrieved by a determination of the Commission may, within twenty (20) days after the filing of the notice of such determination with the Commissioner, appeal to the superior court for Plymouth County. The court shall hear all pertinent evidence and shall annul the determination of the Commission if it finds the decision of the Commission to be unsupported by the evidence or to exceed the authority of the Commission or may remand the case for further action by the Commission or make such other decree as justice and equity shall require.

SECTION 8 - Severability

In case any section, paragraph or part of this By-law is declared invalid or unconstitutional by any court of competent jurisdiction, every other section, paragraph and part of this By-law shall continue in full force and effect.

ARTICLE 32

SECTION 3 - Each new underground tank used for storage of a flammable liquid shall be provided with not less than one separate four (4) inch diameter PVC pipe with one end capped. Each open end shall be installed in the tank field under, and not more than three feet from, the tank. The pipe shall slope continuously downward to the capped end which shall terminate in an accessible pea-stone sump area located on the downward slope of the tank field. The purpose of the pipe or pipes is to provide means for detection of leakage from the tank.

SECTION 4 - All underground tubing used for liquefied petroleum gas (LPG) installations shall be protected against damage or distortion by protective hose or other covering approved by the Fire Chief.

SECTION 5 - It shall be unlawful to obscure from view, damage, deface, park at, obstruct or restrict the access to any fire hydrants, fire lanes so marked or any Fire Department connection for the pressurization of fire suppression systems, including fire hydrants, fire lanes, and Fire Department connections that are located on public or private streets and access lanes, or private property. Upon receipt of notification of violation, obstructions or encroachments, the fire official shall proceed to notify the Police Department to remove same. Cost incurred in the performance of necessary work shall be paid for by the owner of record of said land, vehicle or obstruction.

SECTION 6 - A person shall not use or operate any fire hydrant intended for use of the Fire Department for fire suppression purposes unless such person first secures a permit from the Fire Department and the Water Company having jurisdiction. This Section shall not apply to the use of such hydrants by a person employed by and authorized to make such use by the Water Company having jurisdiction.

SECTION 7 - Any business that is required to have on the premises, material safety data sheets (MSDS), shall have them stored in one or more protective containers accessible to the Fire Department, at a location or locations determined by the Fire Chief.

SECTION 8 - When access to or within a structure or an area is unduly difficult because of secured openings or where immediate access is necessary for life saving or firefighting purposes, the Fire Chief may require a key box to be installed in an accessible location. Hydrants installed after the effective date of this By-law shall not be spaced more than eight hundred (800) feet apart in residential areas, or more than five hundred (500) feet apart in mercantile and industrial areas. At no time shall the distance exceed eight hundred (800) feet to any building in the development. Hydrants shall be of a make and specifications as prescribed by the Fire Department, and be connected to a minimum of an eight (8) inch water main that will supply a minimum flow that will be prescribed by the Fire Department.

Hydrants installed after the effective date of this By-law shall be set plumb with a minimum of eighteen (18) inches between the finish grade and the bottom of the large outlet. Hydrants shall be located no further than seven (7) feet from a paved road, and when placed on the same side as the sidewalk, shall be placed between the sidewalk pavement and the street pavement. Hydrants should be placed as close to intersections as possible and on property lines when possible. All expenses incurred in the placing of such hydrants shall be paid by the developer.

SECTION 10 - For each nuisance fire alarm, after the third nuisance fire alarm within a ninety (90) day period at the same location, the owner of the premises shall be required to pay an administrative fee of one hundred fifty dollars (\$150) to the Treasurer of the Town of Hingham. A nuisance fire alarm is defined as one caused by the failure of equipment, not owned by the Town, on the owners premises.

SECTION 11 - Each marina float or pier system which is greater than five hundred (500) feet long from its land-side beginning to its end or ends, or which is determined by the Fire Chief or the Chief's designee (Fire Chief) to be inaccessible for firefighting, shall have a fire protection water piping system (System) installed for firefighting or emergency use. The System shall be a manual dry standpipe system, with a fire department connection and removable cap at its land-side end, ready for connection by the Fire Department to a water source in the event of need. The System shall be constructed of durable, corrosion-resistant materials, and it shall be equipped with one and one-half (1½) inch hose connections at one hundred (100) foot intervals for use in fighting fires. The System shall be designed and installed in accordance with appropriate and nationally recognized standards for such systems; where so warranted by special conditions, the Fire Chief may consider alternative materials and/or design standards for the standpipe system when such alternatives, in the Fire Chief's opinion, provide the required protection. The System shall be maintained in good operating condition at all times when the float or pier system is in use. The System shall be inspected and tested annually, on or before May 1, by a qualified testing agency, and a report detailing the results of the inspection and test shall be forwarded to the Fire Chief within ten (10) days of the inspection and test. Any components of the System that fail the inspection or test shall be repaired or replaced within thirty (30) days and the System shall be retested. The design and construction of all Systems shall be subject to the review and approval of the Fire Chief. Design documents for such Systems shall be submitted to the Fire Chief prior to the commencement of System construction, and the Fire Chief shall review and respond to the submittal within thirty (30) days of receipt thereof. No System shall be constructed, expanded, or otherwise altered without the Fire Chief's approval. Installation of such System shall be completed, and the System must receive the Fire Chief's approval, before a float or pier system is allowed to be used. The marina float or pier owner shall pay all costs of the System, including,

but not limited to, its design, construction, maintenance, inspection, and testing. The provisions of this By-law shall apply to all new and existing marina floats or piers meeting the criteria described in the first sentence of this Section 11. A violation of this Section 11 may result in a fine of one hundred dollars (\$100) if, after receiving written notice of a violation from the Fire Chief, the marina owner fails to correct the violation within thirty (30) days of receipt of such notice, or within such longer time as the Fire Chief may grant in appropriate circumstances. Each day that an uncorrected violation exists after the allowed time for correction has elapsed shall be deemed to be a separate offense.”
