

PUBLIC NOTICE

TUESDAY, AUGUST 5, 2025

Beginning Wednesday, August 6, 2025, Manet Contracting, LLC, Quincy MA, will be installing a new 6" ductile iron water main and fire hydrant on Harold Pl in Hull from Samoset Ave to the end of the street. This main is being installed by the WRWS to improve overall flow and pressure to the residents on Harold Pl.

Work Schedule: 8:00 AM – 4:00 PM
Duration – Approximately Two Weeks

At this time we are not anticipating any disruptions in water service, but if needed we will notify residents in advance. Upon completion the WRWS will schedule to have residents water services transferred to the new water main.

***If you have any question regarding this work please contact:
