

Dear Historic District Commission,

Please count me in as opposed to the planned development of 709 Main Street.

Although I have not been as vocal in the past as my late husband, Alec Macmillan, if he was still with us he would be front and center in campaigning against this proposed project.

For much of his life, he lived on Main Street in South Hingham and although I have only lived in Hingham for about 53 years, I am very much opposed to this plan.

Sunny Macmillan
