

Dear Members of the Hingham Historic Districts Commission,

My name is Margery Price and I live at Linden Ponds. Older Hingham people here still chat about the great years of living in Hingham. We've heard about a plan to build a condominium complex at 709 Main Street in the middle our beautiful historic Main Street neighborhood. Please don't let this happen!

My parents and family lived at 1019 Main Street. My mother, Catherine Hunt, was a very involved member of the Hingham Historical Society, Old Ordinary and Daughters of the American Revolution. My husband George Price was actually born at 40 Middle Street, another historically rich district and after getting married we brought our 3 children up there while my husband worked away as the owner of Hingham Centre Pharmacy.

Hingham is such a wonderful town. Condominiums can be built anywhere. Please, please, please don't let that happen at 709 Main Street.

Thank you for helping to preserve our town of Hingham.

Sincerely

Margery Price
