Hingham, MA 02043

RE: **Request for Partial Certificate of Compliance**
15 Turkey Hill Lane - Hingham, MA
Order of Conditions for DEP No. 034-1510

Dear Ms. Palmer,

The work complies with the approved plans with the following minor deviations:

- One rear retaining wall was not constructed of solid concrete but rather made up of boulders to break up the minor grade change, the other retaining wall was reduced in size, both height and length.
- The two Conservation Mitigation trees were planted within the “mitigation area” and not outside the area as shown on the approved plans.

Other than the above reference changes, we believe the work, as completed, meets the intent of the Order of Conditions issued on November 7, 2024 recorded in book 59444 page 264 of the Plymouth County Registry of Deeds. On behalf of Mathew Falconeiri, we respectfully request that a Partial Certificate of Compliance be issued, and a full Certificate be issued once the plantings have survived two growing seasons. If you have any questions regarding this request, please do not hesitate to contact us.

Sincerely,

MERRILL ENGINEERS & LAND SURVEYORS

Brendan P. Sullivan, P.E., P.L.S.
